Q: How to select values in the table using multiple columns and group it by date I have a table similar to this id date paid 1 2012-07-26 10 2 2012-07-27 12 3 2012-07-28 15 4 2012-07-29 5 5 2012-08-05 10 6 2012-08-10 10 7 2012-08-11 5 I would like to find values in a column's range and group them by date. That is, I'd like to select all the paid values between the dates provided. For example, if I provided the max date to be 2012-07-29 and the min date to be 2012-07-28 then the table should return id date paid 7 2012-08-11 5 Could anyone please advise as to how to do this please? A: Something like this: select t.id, t.date, t.paid from yourtable t inner join (select max(date) mds, min(date) mds2 from yourtable

The other two candidates — Robby Mook and David Plouffe — also appeared on CNN on Sunday and will appear again on Monday night. In addition, Bernie Sanders and Hillary Clinton are holding events in the four early states on Monday. Sen. Cory Booker, D-N.J., Rep. Tulsi Gabbard, D-Hawaii, former Rep. John Delaney, Mook and Gabbard each cited foreign policy as a top issue, as Sanders addressed the Democratic National Committee and the party's platform committee. "The developments in the Middle East are so troubling," Mook said on CNN's "State of the Union." Mook was the campaign manager for President Obama's 2012 reelection campaign. "And I think our candidates are worried that Hillary Clinton was kind of slow out of the starting gate in terms of responding to some of this very disturbing news." AD AD The others weighed in on Monday's presidential debates, which will be held in Ohio, and the fight to select the Democratic National Convention's platform committee, which is slated to meet over the next couple bff6bb2d33
